

Thank you for your service. Very professional and friendly. Well explained. If I need any further work done I shan't hesitate to call you.
Martin Fielding-Siddington

I couldn't get any telly off my aerial and they said that I wouldn't with a new one 'cause of where I am. They gave me freesat instead. They had to put this satellite dish on my house, then run this cable and I got a box under my telly. I get proper telly now. I don't have to pay monthly like Sky, just paid them and that was it. Thank you very much.
Marcus Parker - South Cerney

I moved into a new house and called AKM Aerials; they came and sorted me out Freeview in no time. My kids had to have CBeebies and I needed the peace!! AKM were quick, tidy and reasonably priced. They weren't the cheapest quote I got but then cheapest isn't always best and the extra bits they did, making sure everything was clean and tidy, hiding cables and going through how the freeview controls worked with us after was worth every penny.
William Davidson - Tetbury

Thank you very much for your helping me go digital. I can get all my channels now and am enjoying watching them. I was told I couldn't get digital where I am but you managed to do it.
Melanie Bryan - Tetbury

Amazing!! People who are genuine. No trying to sell you what you don't need, no jargon and no massive prices. Decent price for a good job. Well pleased. Thanks AKM.
Robert Andrews - Cirencester

My gran has just had her aerial changed to digital by AKM Aerials and loved the fact that it was a woman engineer as well as a man. She had been a bit concerned about having men in her house as she is 84 and lives on her own but when Kate walked in she said she felt much happier. She said they were both really easy to get on with and very helpful. She also said that they stayed till they were sure she understood the new handset for her freeview box and for a pensioner the total cost was a brilliant for the time and trouble they took.
